Recorder's Office

Someone once said, "A leader is someone who demonstrates what is possible." If I'm elected mayor that is exactly what I will do. If I'm elected mayor, I will demonstrate leadership and dedication, share new and unique ideas, and most importantly get the community involved in their city. I will show leadership and dedication to help our city blossom and grow, together as a whole. I will also share new and unique ideas and make sure to listen to the citizen's ideas too. Lastly I will make it so every person in the community is involved no matter what differences they have. My goal is to step up and fill the role of a good city leader. I want every citizen to feel welcomed and a part of the community.

If I'm elected mayor I will make sure to demonstrate leadership and dedication. I will help out if there is a problem and not stop working on it until we solve it. I would also work diligently and efficiently to get the job done. I will demonstrate leadership by not picking favorites and treating everyone the same. I will exceed expectations and take full responsibility when I make mistakes. I will not pretend to be someone I am not and I will listen to new concerns and ideas. I will put my city before myself if I'm elected mayor.

If I get elected mayor I will share new and unique ideas and make sure to listen to my citizens ideas also. To start off I would like to make all of the unused railroad tracks into bike paths. This would bring many benefits to our city including health benefits from walking or biking. Also, it would bring many people together and help others get to know more of their neighbors. I will not forget to listen and consider ideas from our fellow citizens. I will not just look at the piece of paper that the request is written on, but I will deeply think about it and take time to consider it. To do this I would add a request box in the city hall facility for people to fill out forms and suggest something that they would enjoy in the city. I strongly agree that sharing ideas can make people and places, like our city, better places to live and visit.

If I get elected mayor, I will make sure to get the community involved. I will have events at local parks and make sure everyone feels invited. There will be monthly activities for families, kids, and adults. This will bring people together and help them meet new people. These monthly activities would include music, dancing, plays, and much more. Also, I would have many fitness options to promote physical health. I would have races on foot and bike, walks for good causes, and most importantly fun family competitions. If I get elected mayor I will make sure everyone has a fun experience in a safe, healthy way.

John C. Maxwell said, "A leader is someone who knows the way, shows the way and goes the way." That is what I will do if I'm elected mayor. If I'm elected mayor, I will demonstrate leadership and dedication, share new and unique ideas, and most importantly get the community involved in their city. I want to show everyone that they can be the best they can be if they try. I will fill the role of a great city leader because I'm determined to make my city better than it already is. I want every citizen to feel welcomed and a part of the city.
